### Insurance Coverage

All students in Ping Yi Sec are provided with **basic insurance coverage** for school-related activities. However, parents are strongly encouraged to take up extended insurance coverage for their children, at their own discretion.

### Traffic Safety

Please observe road safety precautions when dropping your child off at the school gate by car, as the gate is crowded with students from 7.00 to 7.30 am. Please do not turn into the recess road area near the school gates as this may endanger the safety of our students.

### Appropriate Dress Code

Students are reminded to be mindful of their dress code when in school. The prescribed school uniform should be worn daily. Boys should be neatly attired and girls should have skirts of acceptable length.

PE T-shirts are only allowed on days when there are PE lessons.

## (g) Parenting in a Nutshell: How can I be an involved parent?

*Learn about Joyce Epstein's six types of parental involvement for effective school-home collaboration. Here are some practical involvement tips and suggestions that you may consider:*

### 1. Parenting your child

- Recognise that your child has different needs at different milestones of his/her development
- Make time to connect with your child and to show an interest in his/her daily activities by actively listening and gently guiding
- Create an environment that is nurturing and affirming and look for opportunities to reinforce the values learnt at school

### 2. Communicating with your child's school

- Communicate with teachers to help you stay connected with your child's progress, behaviours and achievements. Discuss with them your concerns if any. Be open to ideas and feedback on your child's development
- Familiarise yourself with the various school communication platforms and channels that will best serve your needs

### 3. Join as a parent volunteer!

- Enrol to be a member of the school's Parent Support Group
- Contribute your service and/or expertise to school initiatives, programmes and events
- Respond to calls for assistance by your child's teachers in class-related matters

Thank you, parents and partners for your strong support! We look forward to working with you to provide the best environment for our students' development this year.

Principal
